DISCOVER THE FIRST HOMES SCHEME.

MAKING YOUR FIRST HOME MORE AFFORDABLE

The Government-backed First Homes initiative is designed to help first-time buyers onto the property ladder by offering selected new-build homes at a minimum 30% discount from open market value. This built-in saving reduces both your deposit and mortgage requirements, helping make home ownership more achievable.

Even better, the discount is locked into the property forever, meaning it is passed on to future eligible buyers, keeping homes in the community genuinely affordable for generations.

WHO IS IT FOR?

The scheme is aimed at first-time buyers who:

- Have never owned a property before
- Have a household income of up to £80,000 (£90,000 in London)
- Can secure a mortgage for at least 50% of the discounted price
- Meet any local eligibility requirements set by the local authority*
- You may be eligible if you are an Armed Forces Member or Key Worker*

To keep homes accessible, First Homes are subject to national or local price caps applied after the discount.

WHY CHOOSE A FIRST HOME AT LEVEL0?

With First Homes, you own 100% of your property, with no rent, no shared ownership, and a guaranteed long-term discount built in from day one. It's a straightforward, affordable way to put down roots in this thriving West Sussex village.

* Ask our Sales Team for more information about the local eligibility requirements, and the Armed Forces Member/Key Worker eligibility.

YOUR ESTATE MANAGEMENT COMPANY.

As you explore your new surroundings, it's reassuring to know the shared areas across the development will be well cared for. Because these spaces aren't maintained by the local authority, a dedicated Management Company has been created to look after them.

Its Role: The Management Company maintains the communal areas, such as landscaped spaces, private estate roads and paths, lighting, drainage and any other shared features. This ensures the neighbourhood stays tidy, cared for and welcoming.

How it's managed: During construction and the sales period, the company is overseen by Metis Homes, who appoint a professional managing agent to handle day-to-day administration and maintenance.

Resident ownership: Once all homes are occupied, ownership of the Management Company transfers to the residents, giving every homeowner a share and a say in how the estate is run. Residents may continue with the existing managing agent or appoint a new one in the future.

Estate maintenance charge: As these are freehold homes, an estate maintenance charge covers the cost of managing and maintaining the shared areas. Full details are set out in your home's legal documentation.

This structure helps ensure the development remains thoughtfully maintained, now and for the long term, supporting a place you'll be proud to call home.

"I am at a point in my life where I wish to live mortgage-free and not have to worry about the upkeep of a home, or expensive running costs. My two-bedroom house has been designed in such a thoughtful and clever way, every inch of space is maximised."
